New Decorated Model Home opens at Wheatfields Reserve

Grayson, GA – Vintage Communities announces the opening of a new decorated model home at its popular Wheatfields Reserve community located in Grayson, Georgia. The 5 bedroom, 4,200 square foot home was built by Delta Enterprises, one of 10 builders in the community, and decorated by Cathy Camp, the recipient of many design awards in the Atlanta area over the years.

Even though the model home has just opened, the community's onsite agents, Darrell Bacon and Sharon Lane, are reporting a lot of excitement from visitors and current homeowners. "We've already had several homeowners ask if they could move in", said agent Darrell Bacon. "Others have said the home looks like the interior of a 5-star resort hotel."

Not only will this home's charm win your heart but you'll have great appreciation for the plan's adaptability, which allows for an owner's suite on the main level plus an additional master suite upstairs. "People really love all the interesting options in this home," said Sharon Lane, onsite agent. "There are too many to describe, but some of the most popular ones include the microwave drawer, the sunken media room and the three-sided fireplace in the owner's suite.

Wheatfields Reserve has long been one of Grayson's most popular communities, with an exciting collection of homes by 10 different custom builders, plus amenities that are unsurpassed in the area. Residents have access to two decorated clubhouses, a water slide, two competition sized swimming pools with water mushrooms, plus tennis courts, playgrounds, volleyball and basketball courts and nature trails.

Children living at Wheatfields Reserve attend the excellent Grayson schools.

To visit Wheatfields Reserve, travel I-85 N. to Hwy 316 E. and exit right on Sugarloaf Parkway. Follow until it dead ends on Hwy. 20 and turn right for 1.9 miles. Go left on Grayson New Hope Road, then left on Round Road to Wheatfields Reserve on the left.
